# Tomorrow

A 1            Oh the sun on your face  
                 in the morning  
                 All the things through the day  
                 I hold dear  
                 Oh I like this routine,  
                 yes I've dreamt it in dreams  
                 If you want me, come get me, I'm here

A 2            All the things that I thought  
                 brought me pleasure  
                 Don't delight me when  
                 you are not near  
                 Tell me what do I do  
                 with myself without you  
                 If you want me, come get me, I'm here

**B            And its not quite a need,  
                 but more a desire  
                 and the coals of my longing  
                 will restart the fire  
                 Tomorrow, tomorrow, tomorrow,  
                 tomorrow, tomorrow**

A 3            There's no reason at all  
                 for these feelings,  
                 So now why am I filled  
                 with this fear?  
                 Tell me where do I go  
                 when I'm feeling so low  
                 If you want me, come get me, I'm here

**B            And its not quite a need ...**

A 4            So come share of my bounty  
                 my darlin'  
                 Oh I'll share what I've got  
                 with you dear  
                 Oh but here's my advice,  
                 and I won't ask you twice,  
                 If you want me, come get me, I'm here

**B            And its not quite a need ...**
